In Uzbekistan for years independence have occurred observable change. As essential result of the transformations follows to consider entering Uzbekistan equal member in world community: over 170 states have acknowledged independence our state, 130 of them installed the diplomatic relations with Uzbekistan. Uzbekistan is an equal member many authoritative international organization.

At present the process of the building legal democratic state and shaping strong civil society goes in Uzbekistan. In process of the shaping civil society important role plays activity негосударственных nonprofit organization and public associations. [1, p.130-131]

The Degree of the development civil society reflects the level of the development to democracies. The Public sector includes the неправительственные organizations, is an most important factor of the development civil society. "Civil institutes, - notes the President of the Republic Uzbekistan Islam Karimov, - негосударственные nonprofit organizations today become the important factor of protection of democratic valuables, rights, liberties and legal interest of the people, create the condition for realization by people of its potential, increasing their public, social-economic activity and legal culture, promote the maintenance of the balance interest in obschestve"[1].

Today concept social partnership, founded on negotiations, mediation, expert operation, cooperation, consultation plays the important role in decision of the many problems social-labor sphere.

Social partnership is a base of the relations between workman (the trade union, their associations, assotiation), employer (their associations, assotiation), organ state authorities, organ of the local home rule for the reason discussion, productions and decision making on social-labor and connected with them economic questions, ensuring the social world and public development.

The Development of the system негосударственных nonprofit organization (the THREAD) - a social partner state organ and business-structures, is one of the effective mechanism of the maintenance in society of the balance interest all social layers and groups, сдержек and counterweight, guaranteeing stable, onward development society.

Exist two main reasons, conditioning need of existence of the sector THREAD.

1. Social need is concluded in that that негосударственные nonprofit organizations execute the important function in democratic society: create the special ambience for protection of the most vulnerable layers of the population, protect the human right.

2. Economic need is concluded in that that nonprofit organizations render that facilities and привносят in public relations of such value, which it is not enough profitably with standpoint of the businessmen or commercial structures and which not to the ful yield to management on the part of executive organ state. The Heaven and earth earned in process of activity, nonprofit organizations direct
